

## **Session 8 Basic Theory & Roll Damping – Intact and Damaged Ships**

*Session organizers: K. Spyrou and A. Reed*

Some Results from a New Time-Domain Bilge Keel Force Model <i>by D. S. Greeley</i> .....	283
Considerations for Bilge Keel Force Models in Potential Flow Simulations of Ship Maneuvering in Waves <i>by C. C. Bassler, R. Miller, A. M. Reed and A. Brown</i> .....	291
A Study on Estimation Method of Bilge-keel component of Roll Damping for Time Domain Simulation <i>by T. Katayama, Y. Yoshioka, T. Kakinoki and S. Miyamoto</i> .....	309
Approximation of Roll Damping by a Second Order Oscillator for Experiments at Different Scales and Numerical Calculations <i>by M. T. Hua, E. Régnier, M. Mélice and J.-F. Leguen</i> .....	317
Comparison of Some Analysis Methods for Ship Roll Decay Data <i>by E. M. Lewandowski</i> .....	325
Modelling of Hull Lift and Cross Flow Drag Forces in Large Waves in a Computationally Efficient Dynamic Stability Prediction Tool <i>by M. J. Hughes, P. J. Kopp and R. W. Miller</i> .....	331
Computing Hydrodynamic Forces and Moments on a Vessel without Bernoulli's Equation <i>by A. M. Reed and J. G. Telste</i> .....	341
Viscosity in Ship's Dynamics <i>by M. Pawlowski</i> .....	353

## **Session 9 Integration of Stability Issues into Overall Risk Assessment**

*Session organizers: D. Vassalos and P. Alman*

Thoughts on Integrating Stability into Risk Based Methods for Naval Ship Design <i>by P. R. Alman</i> .....	359
Incorporating Risk into Naval Ship Weight and Stability Control <i>by D. Tellet</i> .....	369

## **Session 10 Design for Survivability after Damage**

*Session organizers: A. Jasionowski and T. Katayama*

A Method for Assessment of the Survival Time of a Ship after Collision <i>by M. Schreuder</i> .....	375
A Performance-Based Survivability Assessment of Regulatory Frameworks <i>by N. Tsakalakis, R. Puisa, K. Mohamed, D. Vassalos and C. Tuzcu</i> .....	391
Integration of Damage Stability into a Risk Management Framework <i>by W. Cai, D. Konovessis and D. Vassalos</i> .....	399
Survivability of Passenger Vessels – Re-engineering of the S-Factor <i>by J. Cichowicz, N. Tsakalakis, D. Vassalos and A. Jasionowski</i> .....	405
Defining Rational Damage Stability Requirements <i>by N. Tsakalakis, D. Konovessis and D. Vassalos</i> .....	415
